MUMBAI: Lilavati Hospital has announced a strategic collaboration with Mayo Clinic USA to establish a 300-bed Cancer Care Institute in Mumbai, a hospital in Gift City, Gandhinagar, Gujarat, and a comprehensive Nursing Excellence Programme.

The Maharashtra government has agreed to allocate land for the Cancer Care Institute near the private hospital in Bandra, and the acquisition process is in its final stages, Lilavati Hospital's permanent trustee Prashant Mehta told reporters on Wednesday.

"The Rs 800-crore Cancer Care Institute in Mumbai, close to the Lilavati Hospital in Bandra, will be allotted by the state government at a subsidised rate and the deal is almost at the final stages. The hospital will have 300 beds and is expected to commence in two years. The built-up area of the hospital will be 3,50,000 square feet. The funding for the project will be done through donations and banks," he added.
