The new Cancer Care Institute will offer tailored treatments based on patient-specific factors, ensuring that each patient receives personalized and effective care. The high-quality care provided locally will eliminate the need for patients to travel abroad for treatment, saving both time and costs.

In addition to providing exceptional patient care, the facility will create numerous job opportunities for healthcare professionals, researchers, and support staff. This significant investment in the community will boost the local economy and contribute to the overall development of the healthcare sector in Mumbai

The Cancer Care Institute will introduce AI-driven diagnostic tools for early and accurate cancer detection, improving patient outcomes and survival rates. Furthermore, Lilavati Hospital will launch awareness campaigns to educate communities about cancer risks, symptoms, and preventive measures, fostering a culture of health and wellness.

Lilavati Hospital is also excited to announce a collaboration with the Mayo Clinic to launch the Nursing Excellence Program. This Memorandum of Understanding (MOU) aims to enhance the skills and knowledge of our nursing staff through specialized training and development. The partnership covers various areas, including Nursing Excellence education, Nursing Quality and Patient Experience, Patient and Staff Safety, Nursing Governance and Leadership Development, Onboarding, Orientation, and Staff Development & Nurse Competency.

Through this partnership, Lilavati Hospital will deliver training through observation, real-time best practice considerations, and structured sessions. Upon completion of the program, nurses will receive a certificate of completion from the Mayo Clinic, recognizing their dedication to excellence in patient care.

Mr. Rajesh Mehta & Mr. Prashant Mehta, The Permanent Trustees of Lilavati Hospital, stated, “We are thrilled to bring this state-of-the-art Cancer Care Institute to Mumbai, and to collaborate with the Mayo Clinic to enhance our nursing staff’s skills. This initiative reflects our commitment to providing world-class healthcare and improving the lives of our patients and community.”
