Lilavati Hospital Scaling New Heights

Lilavati Hospital has been amongst the top hospitals of this country for decades. This speaks about the purposeful and systemic commitment to excellence. Each and every staff, from clinicians to paramedics to support staff; everyone has fully committed to deliver the best care to each and every one and they all strive to make this country a healthier place and why not, they all are working under command of Lt. Gen. (Dr.) V Ravishankar, VSM (Retd.) He has been instrumental in propagating newer technologies. Under his leadership,

without the guidance of Shri S. Lakshminarayanan, IAS (Retd.) - Principal Advisor to the Board of Trustees.

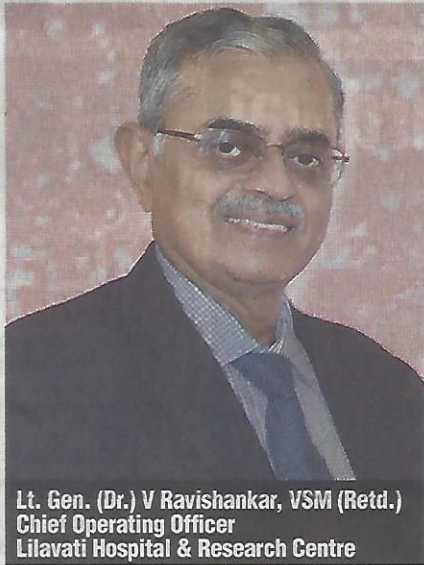

Lilavati Hospital achieves the best results by investing in innovations and embracing the modern scientific concepts. This encompasses using high end technologies like image guided surgeries to be as simple as implementing latest evidenced based treatment. The Hospital is in the process of acquiring robotics for joint replacement surgeries. Dr. V. Ravishankar always has a futuristic approach, be it man or machine. Hospital invests in creating future best quality specialists and super-specialists through their postgraduate programs and fellowships for broad-specialties and super-specialties. Regular international workshops are arranged for enhancement of knowledge and to stay abreast of latest scientific developments.

Lilavati Hospital is doing one of the highest number of Transcatheter Aortic Valve Implantation (TAVI) procedures and probably the first one to use the Cerebral Embolic Protection System (CEPS). It is also the centre for doing the highest number of successful ECMO treatment for covid, post covid and non Covid ARDS.

Under his leadership, the hospital has followed the principles of empowerment, innovation and quality care. The executive leadership always focuses on achieving high performance and quality care. Internal audits and quality control have been the backbone in achieving such quality results. He has always encouraged academics and under his leadership Lilavati Hospital was conferred the very first "Center of Excellence" in teaching for DNB Programme by AN-

Lilavati Hospital recently awarded National Achievers Awards 2022 by a leading digital platform

Chief Operating Officer
Lilavati Hospital & Research Centre

the hospital has delivered best of the results and satisfaction to the patients and their near ones. He has always ensured that Lilavati Hospital has stayed ahead of peers as far as latest equipment and innovations are concerned. As Dr. V. Ravishankar mentioned, this would not have been possible without the trust and support of the Board of Trustees and

BAI- Association of National Board Accredited Institutions.

Having served for nearly four decades in Indian Armed forces medical services, Dr V. Ravishankar is heading the Institute for more than seven years now. Apart from being the COO of the hospital, he is a practicing Cardiac Surgeon. After completing cardiac surgery training in India, he did advanced Cardiac Surgery training at Oregon, USA and Perth, Australia. He retired from the armed forces at the highest rank and has been rewarded by the President of India with coveted 'Vishisht Seva Medal' and 'Chief of Army Staff Commendation Card'. Lt. Gen. (Dr.) V Ravishankar, VSM (Retd.) is a true soldier of humanity against the invisible enemy, the covid virus and his contributions were appreciated and he received awards from the Hon'ble Governor and Chief Minister of Maharashtra.
